Executive Summary

- Following the Council's original submission of the Local Development Plan 2030 (LDP), Draft Plan Strategy (DPS) and its supporting documentation to the Department of Infrastructure (DfI) to cause an Independent Examination (IE), the Department raised a number of preliminary queries relating to the Council's submission and in particular, referencing used in the Soundness Report (March 2021) (DPS-S-007A).
- This LDP, DPS, Soundness Report, Addendum (May 2021) responds to these queries and should therefore be read alongside the Council's original submission to the Department, and updated Soundness Report (May 2021) (DPS-S-007A1) which includes a list of errata. Please note (DPS-S-007A) is now superseded.
- As a new documents have been submitted to the list of submission documents, the Council's "ANBC Formal Submission of Documents List" has been updated also (The original version has been superseded and replaced by "ANBC Formal Submission of Documents List, May 2021" (Annex A1).

Subject: Antrim and Newtownabbey dPS - request

Hi Sharon

Further to our conversation last Thursday regarding the ANBC submission there are a few matters that we would welcome further clarification on in respect of the legislative issues listed below. Grateful if you and the team could provide information on the following issues.

Reg 7 – Approval of LDP Timetable by Council

As we discussed and thank you for the information submitted indicating that the Council LDP timetable was approved by resolution of the Full Council Meeting dated 24 August 2020. I noted that the Soundness Report will be amended to reflect the corrected date. Please confirm, if in addition to amending relevant text, that you intend to include the Agenda and associated Minutes of the Full Council meeting (24 August 2020) as evidence within DPS-S-007F (Soundness Report – Appendix 5: Soundness Evidence Base – Timetable).

Reg 9 - Engagement with Statutory Consultees at Pre-POP Stage

A sample letter issued to three recipients identified. Please provide a full distribution list of who the letter was issued to (i.e. consultation bodies) as this has not been provided.

Reg 10 - Notice to Consultation Bodies of the Availability of the POP – (same as above) sample letter

Please provide a distribution list showing all those to whom this correspondence was issued to (i.e. consultation bodies).

Reg 15 & 17 - Correspondence to Consultation Bodies for Publication of dPS, Notifying Consultation Bodies of the Availability of draft Plan Strategy for inspection and Notifying those who made representations of the availability of Reps for Inspection

Sample letter issued with only one recipient identified. Please provide a full distribution list of who the letter was issued to (i.e. consultation bodies) as this has not been provided.

Reg 21 - Requirement for Council to notify consultation bodies (and those who made representations) of DPD submission to the Department, and that documents are available for inspection, together with details of places and times at which they can be inspected.

The Council has placed a public notice in the Belfast Gazette (09/04/2021) in relation to the submission of the DPD to the Department. This was following the event of the submission to the Department and therefore that is why this evidence is not included in submission. The Council's website also advises that a public notice in local papers (presumably Antrim Guardian and Newtownabbey Times around the 8 April 2021) has been undertaken.

As above, please provide a distribution list in relation to the consultation bodies.

Whilst the Department has been consulted (both having made a representation and being a statutory consultee), a distribution list should be provided of all the consultation bodies and those who have made representations or counter-representations of the fact that the dPS and associated documents have been made available for inspection.

For information

Throughout the submission there appears to be some inaccurate referencing between documents. These are being brought to your attention for information only.

Inaccurate Referencing

Reg 5 - In relation to the Original Timetable (2016), the Council advises that the Planning Appeals Commission (PAC) confirmed receipt of the document on 16 November 2015 and cites a reference to its evidence base (T-SND-011). However, this document is correspondence from the Department of the Environment, which confirms agreement of that Timetable. It is apparent that the document to which the Council was seeking to refer is not present within Appendix 5 - Soundness Evidence Base: Timetable) (DPS-S-007F) of the Soundness Report.

Reg 10 - In relation to the publication of the POP and supporting documents, together with details of dates of public consultation and how to make representations, the Council refers to **POP-SND-017**. However, this reference relates to the Terms of Reference for the Project Board of the Belfast Metropolitan Transport Plan. Was it the Council's intention to refer to **POP-SND-005** as this evidence presents screenshots from the Council's website regarding the POP Consultation.

Reg 20 - In relation to a statement setting out the main issues set out in representations to the dPS, the Council refers to a dPS Consultation Report (**DPS-S-001**) advising that this includes two reports – a 'Representations by Issues' report (**DPS-S-002**) and a 'Representations by Respondent' report (**DPS 068**), which set out further detail on the representations received in relation to the dPS public consultation. It is noted that, previously, when referring to the dPS Consultation Report and its component parts, the Council advised that the 'Representations by Respondent' report was labelled **DPS-S-002**. On inspection of the documents submitted, it is apparent that the reference to **DPS 068** on page 121 of **DPS-S-007A** is incorrect (as it does not exist) and that the accurate reference is **DPS-S-003**.

I would appreciate it you could provide the requested information as soon as possible so that formal correspondence from the Department can issue. Happy to discuss any of this with you Sharon if you are unclear.

Many thanks

In order to protect public health during the current COVID-19 emergency it was not possible to allow the public or the press to attend the Council meeting. The Council minutes and audio recording would be published on the Council's website.

1 BIBLE READING, PRAYER AND WELCOME

The Mayor welcomed all present to the meeting, and advised Members of the audio recording procedures.

The Venerable Dr Stephen McBride conveyed his condolences to former Alderman, Mr Billy deCourcy and his family following the death of his wife Betty. The Mayor thanked Rev Dr McBride and he left the meeting. Members noted that following engagement with a key developer, Officers were anticipating the submission of a number of Major development applications which would require a timely turnaround. It was therefore proposed, as part of the proposed amendments to the furlough arrangements, that the Temporary Senior Planning Officer post previously introduced to process such applications be reinstated at a cost of approximately £1,500 per month.

The financial implication of removing the 4 members of staff (3 FTE) from furlough and reinstating the Temporary Senior Planning post as proposed was a cost of $\pounds 8,450$ per month.

2. Enforcement

There were 150 live enforcement investigations currently in the system including some 65 new cases only recently registered as enforcement work has largely been put on hold, with only priority breaches being progressed during the pandemic period. As noted previously the enforcement team had only been dealing with priority enforcement breaches in order to assist with the processing of planning applications during the period of the pandemic. However, it was proposed that the team would now revert to its normal enforcement workload.

3. Local Development Plan Revised Timetable

Members were reminded that the Council published a revised Local Development Plan (LDP) Timetable in July 2018. The Planning Act (Northern Ireland) 2011 and the Planning (Local Development Plan) Regulations (Northern Ireland) 2015 require the Council to keep under review the published Timetable for the preparation and adoption of its LDP. In addition, the Planning Act requires the Council's Plan Strategy and Local Policies Plan to be prepared in accordance with its published Timetable. The Timetable must set out indicative dates for each stage of the preparation of the LDP.

The Council had published its draft Plan Strategy in accordance with the Revised 2018 Timetable, taking into account the Chief Planner's update No. 4 (published in November 2019) which provided three months' flexibility to published timetables.

In May 2020, the Chief Planner's update No 6 gave further flexibility to existing agreed LDP Timetables proving a further 3 months' flexibility from that already permitted in the November 2019 update. This was in response to the impact of COVID-19.

The next stage of the LDP process is the submission of the draft Plan Strategy to the Department for Infrastructure to cause an Independent Examination. Taking into account the flexibility granted by the Chief Planner, the submission to Dfl to progress to the Soundness Based Independent Examination was scheduled to take place at the end of September 2020. However, preparation of the LDP continued to be impacted upon due to the on-going COVID -19 pandemic and for this reason it was recommended that the Council updates its LDP Timetable for the submission of the draft Plan Strategy to Dfl in the 3rd quarter of 2020/2021 (September- December 2020). A new 2020 Timetable was circulated.

Since the publication of the 2018 Timetable, the Department had also clarified that it will take 8 weeks to assess the LDP once submitted. The Planning Appeals Commission had advised that the IE will take 9–12 months. These matters had been factored into the Revised 2020 Timetable.

In line with legislative requirements, the Council must consult the Planning Appeals Commission and such other consultation bodies as the Council considers appropriate. The Council must also submit the draft Timetable to the Department for Infrastructure for approval.

The Department has four weeks to respond unless it asks the Council for an extension. If no response is received after four weeks the Timetable is deemed to be agreed at the end of that period. An update report would be brought back to Committee regarding consultation with the Department and PAC. Following the agreement of this, the new Timetable would be made publicly available.

Moved by Alderman Cosgrove Seconded by Councillor Magill and

RESOLVED - that

- i. an Admin Officer (0.4 FTE) be returned to work from furlough at a cost of £750 per month;
- ii. 3 Planning Assistants (2.6 FTE) in Development Management be returned to work from furlough at a cost of some £6,200 per month;
- iii. the temporary Senior Planning Officer post be reinstated at a cost of approximately £1,500 per month;
- iv. the Enforcement Officers assisting to date with planning applications revert to their normal enforcement caseload;
- v. the Revised 2020 LDP Timetable be approved and submitted to the Planning Appeals Commission and Department for Infrastructure.
